

## Ohio Bass Nation “Lake Clean up Challenge”

Ohio Bass Nation is hosting a lake cleanup day on Alum Creek. We invite everyone to join us and spend time with our High School, Junior, and Adult Bass Nation members helping to pay it forward. Let’s have some fun with this, the individuals and/or teams that picks up the most trash will receive a prize donated by AFTCO. Trash bags and plastic gloves will be provided for all volunteers. You may pick up trash by boat or by driving around the lake to clean up trash along the banks. All trash must be placed in the bags supplied if possible. Please join us in the morning for free coffee and donuts, and to discuss details.
